Mrs. Mary Stark Was Charter Member Of Marguerite Parlor; Funeral To Be On Monday

Mrs. Mary M. Carmichael Stark, 80, a native of El Dorado County and a charter member of Marguerite Parlor, No. 12, N. D. G. W., passed away on Friday at Sacramento, where she had made her home in recent years.

The funeral services will be at ten o'clock Monday morning from East Lawn mausoleum, at Sacramento, and will be conducted under the joint auspices of the Christian Science Society in Sacramento and La Bandera Parlor No. 110, N. D. G. W.

Mrs. Stark was born on Reservoir Hill, near Placerville, on June 12, 1857, and spent her girlhood in this community. She married the late Henry Stark in 1897 and went to Sly Park with him as a bride. There the couple established their home and resided until shortly following Mr. Stark's death a number of years ago.

In recent years Mrs. Stark had moved to Sacramento to reside with her only daughter, Hazel Stark.

In addition to the daughter, she is survived by two sons, Park Stark and Elmer Stark, of Sacramento, and by one sister, Mrs. Nevada Childs, of Placerville; and one brother, Robert Carmichael, of Drytown.

She was the aunt of Mrs. R. W. Dodds and the great-aunt of Kenneth Dodds, of Camino.

"T. R." Grandson Is Missing

Parents Declare They Feel No Alarm As Two Boys Vanish From School At Proton

GROTON, Mass., (U.P.)—Dick Roosevelt, 13, son of the Oyster Bay Roosevelts, a restless boy of adventurous forbears, was missing today from Groton school, along with a classmate, Henry wyse Distler.

An eight-state police alarm was broadcast but neither the police nor parents seemed worried. It was a warm spring afternoon when they vanished yesterday and it was believed that the boys had succumbed to a wanderlust urge.

Dick disappeared last January for several hours after he left home in Oyster Bay, N. Y., for Groton. A few hours after he changed his course at New Haven, Conn., he telephoned his father, Kermit Roosevelt, from a New York hotel. Roosevelt went for the boy and explained that "he is just restless."

Dick's grandfather was Theodore Roosevelt, the Republican President. His father is president of the Roosevelt Steamship Company. They are distant cousins of President Roosevelt.

California Prune Crop World's Largest

SAN FRANCISCO, (U.P.)—With a crop from the past year of between 44,000 and 50,000 tons of prunes, California enjoys virtually a world monopoly on the export trade, according to reports received by the Prune Credit Corporation here.

The Danube basin reports show that not more than 9,000 tons of prunes are available there this year for export while the 1937 French crop will permit only 1,000 tons for export.

The nearest competitor to California is the Pacific northwest where 7,200 tons are available.

Mr. and Mrs. William Davenport, who moved to the Koch ranch, near Diamond Springs, recently after long residence at Fallon, Nevada, are leaving this week-end to make their home on a ranch in the Napa Valley, which they have leased.

RELIEF CLIENT HELD FOR PETTY THEFT

Diamond Springs Man, Getting State Dole, Failed To Report Re-Employment, It is Charged

Thomas W. Taylor, of near Diamond Springs, was taken into custody Friday and subsequently released on $200 bail, to face three counts of petty theft in a complaint preferred by John B. Abel, of the state controller's office.

Mr. Abel charged that Taylor, receiving relief checks from the state relief administration, failed to notify the SRA when he obtained employment and continued to receive and accept relief from the state despite his employment.

Abel reports Taylor has been receiving relief checks every two weeks since December 1, last, and charged that since December 9 he has been in the employ of the Pacific Gas & Electric Company. The three counts of the complaint are based on the last three relief checks received by taylor, $48.61 on February 4, $30.38 on February 28 and $30.30 on March 3.

Mr. Abel said the law permits a re-

REFERENDUM ON FRUIT PROGRAM

New Pact On Pears, Plums, Peaches Tentatively Approved By Secretary Of Agriculture

Following tentative approval of the new California Tree Fruit Agreement by the Secretary of Agriculture yesterday, preparations are under way for a referendum among growers of Bartlett pears, plums, Elberta peaches, and Buerre and Hardy pears. Copies of the tentatively approved agreement are now being distributed to shippers for signature.

The new agreement was developed by California growers to assist in more orderly marketing of their crop and to enable them to obtain more favorable grower returns. It would replace the program operating since May of 1936, and was considered at a public hearing February 21-24 in Sacramento.

Ballots and copies of the agreement and order are expected to be mailed to growers within the next few days, the AAA office at San Francisco announces. In the referendum, growers will indicate whether they favor issuance of an order by the Secretary of Agriculture which would make the program effective for the industry.

"Every grower is urged to study carefully the agreement and order which will be enclosed with his ballot," stat-

Recovery Drive Is Launched

Federal Reserve Releases $750,000,000 For Loans; Congress In Easter Recess

By SANDOR S. KLEIN
United Press Staff Correspondent

WASHINGTON, (U.P.)—The federal reserve board and the securities and exchange commission provided vast new lending facilities today for President Roosevelt's $4,512,000,000 recovery program, but congress delayed acting on appropriations until next week.

The reserve board directed member banks to reduce reserve requirements by 12½ per cent, thus releasing $750,000,000 previously held in reserve and increasing the total of lendable bank funds to $2,482,000,000.

The SEC entered the President's pump priming-recovery drive by issuing regulations, to remain effective six months, that are designed to make it easier for little business men to float security issues.

Congress, however, adjourned for for Easter and temporarily postponed action on the necessary appropriations, headed by a $1,250,000,000 fund for unemployment relief.

Intelligence Wins Home For Sparrow Family

LOS ANGELES, (U.P.)—The city decided today that since two sparrows seem smart enough to tell when a traffic signal says "go," they may keep their nest inside the signal tower at 9th and Boyle streets.

The birds, busy preparing to raise a family amid bells and roaring traffic, can fly into their nest only when the signal says "go." The signal arm closes the entrance to the tower otherwise.

Mrs. Alice Flynn was among the visitors from Georgetown in the county seat Friday.

KIRKSEY PICKS YANKS TO REPEAT THIS SEASON

By GEORGE KIRKSEY
United Press Staff Correspondent

NEW YORK (U.P.)—Champions in 1936 and again in 1937, the New York Yankees will be first in the American league again in 1938.

They'll be champs all right, but this time it will be a "National league finish" — not one of those 19½ game things as in 1936 or 13 games as last year.

The league is moving up to the Yanks but it won't quite catch them this season unless calamity overtakes the Ruppert rifles on every front.

Detroit has a better ball club than last year, Cleveland is immeasurably better and the whole league is better balanced and stronger,—but they still can't beat the Yanks.

The Yanks won 102 games in 1936. They won the same number last year. They won't win as many this season but when October comes they'll be crowned a 3-time straight pennant winner, one of the rare and great feats of baseball.

COLFAX AWAITS BARTLETTS FOR BASEBALL OPENING SUNDAY

Lions, Dumped By Auburn Sunday, Promise Real Battle Against Bartletts In First Game On Colfax Field; Mayor Robert E. Peers To Hurl First Ball

They're going to have the Placer County Coroner at the baseball game Sunday afternoon at Colfax, when the Bartletts tangle with the Lions in the first "at home" game of the Colfax club in the Placer-Nevada League schedule.

Just what the presence of Coroner Francis E. West portends is not known, but "Scoop" Thurman announces in advance that he will be there.

Also present for the opening day exercises will be Colfax' Mayor Robert A. Peers, who will pitch the first ball to the Coroner, and League Secretary Thurman will stand behind the plate and see how the pitch "apeers" to his eagle eye.

Other games in the league send Auburn to Folsom, Loomis to Grass Valley and the W. & R. nine against the Roseville Tigers in a community feud.

The Colfax outfit is reported as being a well-balanced club with Rogers, Barnwell, Soost, Sheehan, Tregellas and Quadros dangerous men at the plate.

Craig Hyde, Sacramento Winter League, behind the plate.

The probable lineups for the game are:

Placerville: Jackson, p; Jack Woerner, c; Neil, 1b; Spaman, 2b; Reeder, 3b; Clark, ss; Warren, lf; Patterson, cf; Mack Woerner, rf.

Colfax: Hyde, p; Quadros, c; Tregellas, 1b; Atwell, 2b; Sheehan, 3b;

Ex-Mule Skinner On $4,500 Party

Laborer Who "Struck It Rich" Has 37 Guests In Chicago For Easter Weekend

CHICAGO, (U.P.)—L. E. Douglass, 40, Hutchison, Kan., one time laborer, said today it was just luck that he struck it rich three years ago in the oil business and only a coincidence that he is in Chicago for an Easter celebration with 37 guests, 21 of them children.

"After years of ups and downs I got to the top," he said, "and my wife and I had a little celebration. Then we decided to do something for our children—bring them to Chicago. We just happened to decide it would be more fun to bring along some of the school friends, too."

He ended up with a special train, host to his own children—June 14, Dolores, 12, and Jimmy, 6—chaperones and a few parents.

The party has its own wing—199 rooms—in a downtown hotel. The girls had roses and the women gardenias.

In contrast to Walter (Death Valley Scotty) Scott, the gold prospector who gained prominence in 1905 by chartering a special train to bring his children on a speed dash across the country, Douglas made his trip with little fanfare.

"I didn't get the idea until Tuesday," he said.

While his guests are in Chicago, they will shop, go sightseeing in their chartered bus, or attend shows. They will return to Hutchison Sunday night.

Douglas is a former mule driver, pumper and driller. He said he now has 14 producing oil wells, having sold four recently for $800,000.

He said the train cost approximately $2965 and that the bill would run to around $1500 for the hotel and meals, not including a special dinner last night.

"That set me back an additional $100," he said.

Gehrig Stars In Empire Film

"Larrupin' Lou" Portrays Himself In "Rawhide," Tale Of Doin's In Arizona

One of the few times a personality has been called upon to portray the role of himself in motion pictures, occurs in the 20th Century-Fox release, "Rawhide," the film which is currently at the Empire Theatre.

Lou Gehrig, star first baseman of the New York Yankees, was signed to play the role of . . . . Lou Gehrig, star first baseman of the New York Yankees. Co-starred with Smith Ballew, singing cowboy of the screen, Gehrig is seen at the close of the 1937 baseball season, sworn to retire from baseball for a life of peace and comfort in the town of Rawhide, Arizona.

However, he reckoned not with a band of invading city racketeers, and with Ballew, he forms a two-man vigilantee committee to drive them from the country.

Gehrig appears in the film by special arrangement with Christy Walsh.

EASTER SUNDAY

Special Easter services will be held by the Lutheran Church next Sunday afternoon at 3 o'clock at Odd Fellows' Hall on Main St., Placerville. The Rev. Carl Fichenscher of Trinity Lutheran Church will preach on The Folly of Denying the Resurrection of Jesus Christ.

In announcing this service the Rev. Fickenscher stressed the meaning of Easter. He said, "Christ is risen! This blessed Easter Gospel brings comfort to our heart and joy to our life. We know that Christ Crucified is true God, for what mere man could say, "I lay down my life, that I might take it again," and keep his promise as Jesus did? We know that our peace with God is accomplished. For "Jesus was raised again for our justification." Our blessed eternity is assured. For the living Christ says to all who believe in Him, "I will come again and receive you unto myself, that where I am, there ye may be also." Joy pervades all Christendom. Come and let your own heart's praise ascend to the throne of God!

Referendum On Fruit Program

(Continued from page 1)

ed E. L. Markell, AAA representative designed by the Secretary of Agriculture to assist in conducting the referendum. "Growers who have questions about ballots may get in touch with the Agricultural Adjustment Administration either at 112 Market Street, San Francisco, or at the Federal Building in Sacramento."

The new agreement would enable the growers to continue to improve the quality of these fruits marketed by limitation of out-of-state shipments by sizes and grades. In addition, provision is made for eliminating unfair practices in packing Elberta peaches. Also, it is provided that when supplies of Buerre and Hardy pears exceed market requirements, growers and shippers may limit shipments to the quantities which can be absorbed in the normal marketing territory.

Commodity committees consisting of 7 grower members for each fruit would administer the regulation of shipment relating to the fruit for which each committee was selected. General administration of the program would be under a control committee of 13 grower members and 12 shipper members.

Expenses of operation and administration of the agreement would be borne by each shipper on the basis of his share of the total fruit shipped. Assessments would be made separately for general overhead expenses, and for the expenses incurred in the regulation of shipments of the various fruits.
